SCHOOL-AGE CHILD CARE (K-5) QUALITY FRAMEWORK

BRIGHTSTARS QUALITY RATING SYSTEM WORKS TO ASSESS, IMPROVE, AND COMMUNICATE THE LEVEL OF QUALITY IN EARLY LEARNING AND SCHOOL-AGE CARE SETTINGS. A BRIGHTSTARS RATING IS AN OBJECTIVE TOOL TO SUPPORT PROGRAM QUALITY IMPROVEMENT AND ASSIST FAMILIES IN SELECTING CARE AND EDUCATION PROGRAMS.

BrightStars: Rhode Island’s Quality Rating and Improvement System for Early Care, Education and School-age Programs

The latest science tells us that the early years of life matter because early experiences affect the architecture of children’s maturing brains. Like the construction of a house, brains are built from the bottom up, with early experiences setting the foundation for the rest of development. That is why high quality early care, education and school-age programs are so important for Rhode Island.

Through BrightStars, Rhode Island is creating a sustainable infrastructure of diverse and high quality early care, education and school-age programs using research-based practices that promote positive outcomes for children and families.

BrightStars works to assess, improve, and communicate the level of quality in early care, education and school-age care settings. BrightStars meets programs and providers where they are, using a strengths-based approach that guides them to decisions about quality early care, education and school-age care. A BrightStars rating is an objective tool to support program quality improvement and assist families in selecting early care, education and school-age programs.

Quality rating and improvement systems exist in many states across the country to systematically improve program quality and support the healthy growth and development of our youngest children. Quality rating and improvement systems measure program quality within a framework of research-based standards.

State regulations establish the foundation for operating early care, education and school-age programs. These regulations specify the minimum standards that must be met to operate legally and are the first step in a quality rating and improvement system. Higher levels in quality rating systems recognize programs for exceeding basic regulatory requirements and implementing practices that research shows are best for children. BrightStars is part of the state’s aligned continuum of program standards, with linkages to state licensing/regulation and RI Department of Education Comprehensive Early Childhood Education Program Approval.

BrightStars is a 5-level quality rating and improvement system. In order to participate in BrightStars, programs must have a child care license from the Rhode Island Department of Children, Youth & Families or program approval from the Rhode Island Department of Education. Programs that achieve higher levels of BrightStars recognition have demonstrated that they are implementing important research-based practices known to promote child development and learning. Each incremental BrightStars rating demonstrates an important step toward best practice.

BrightStars assesses programs in six quality domains:

- Child’s Daily Experience
- Teaching and Learning
- Staff-Child Ratio and Group Size
- Family Communication and Involvement
- Staff Qualifications
- Program Management

Since 2005, BrightStars has received invaluable guidance and support from an Advisory Committee that includes representatives from all sectors of the early learning and child care field, state department leaders, early learning programs, and key local experts and advocates.

BrightStars is a public-private partnership managed by the Rhode Island Association for the Education of Young Children. Key partners include the United Way of Rhode Island, Rhode Island Department of Human Services, Rhode Island Department of Children, Youth & Families, Rhode Island Department of Education, Rhode Island Department of Health, Rhode Island KIDS COUNT, and the hundreds of BrightStars-participating early care, education and school-age programs across Rhode Island.

For more information visit www.BrightStars.org
The following is a snapshot of the BrightStars School-Age Child Care (K-5) Quality Framework. Standards and criteria are listed under each of the respective six BrightStars quality domains. Under “Level 1”, “Level 2”, etc., a check mark (✓) indicates that BrightStars will assess criteria at that level. For each criteria, an increase in check marks indicates an increase or difference in what is required to achieve a higher star rating.

DOMAINS AND STANDARDS AT A GLANCE
This framework is designed for use by school-age child care programs serving children ages kindergarten through fifth grade. It describes the standards and criteria BrightStars uses to assign programs a star rating.

**How to Use This Document**

This framework is designed for use by school-age child care programs serving children ages kindergarten through fifth grade. It describes the standards and criteria BrightStars uses to assign programs a star rating.

**Domain 1: Child’s Daily Experience**

Daily activities and interaction show that the program is providing a safe, healthy, and stimulating environment. The program provides for indoor and outdoor space to support varied and enriching experiences for children. Daily interactions demonstrate that staff respect, care for, and enjoy working with children. The program supports the inclusion of children with disabilities, responds to the cultural and linguistic diversity of the population it serves, and promotes the acceptance of diversity among staff, families, and children.

**Levels:**
- Level 1: Program is Licensed by DCYF
- Level 2: Compliance with DCYF Licensing Regulations
- Level 3: Compliance with DCYF Licensing Regulations and Learning Environment
- Level 4: Compliance with DCYF Licensing Regulations, Learning Environment, and Average SACERS score/s of 3.0 or greater, with no observed group SACERS score less than 2.5
- Level 5: Compliance with DCYF Licensing Regulations, Learning Environment, Average SACERS score/s of 4.0 or greater, with no observed group SACERS score less than 3.0

**Table:**

<table>

</tr>
</tbody>
</table>

**Notes:**
- "OR" represents one criteria or another needed to achieve a rating at that level
- "PLUS" represents additional criteria needed to achieve a rating at that level
- Bold text represents a change from level to level
Daily activities and interaction show that the program is providing a safe, healthy, and stimulating environment. The program provides for indoor and outdoor space to support varied and enriching experiences for children. Daily interactions demonstrate that staff respect, care for, and enjoy working with children. The program supports the inclusion of children with disabilities, responds to the cultural and linguistic diversity of the population it serves, and promotes the acceptance of diversity among staff, families, and children.

1 If the program is organized into self-contained groups, SACERS scores will be collected from a random sample of 33% of groups and scores will be averaged. If the program is run as one large group, one SACERS will be completed on the entire program. COA After School Recognition programs will also have SACERS data collected, but the scores will not be used in the rating process.
The program uses a program plan, curriculum, or curriculum framework. The program provides many **opportunities for children to learn and practice skills** across a broad range of developmental areas including social, emotional, physical, cognitive, and language. The program **systematically and routinely gathers information** about each child in order to meet the individual needs of children and provide differentiated learning experiences.

</table>
| **Program is Licensed by DCYF** | **Curriculum** Comprehensive self-assessment (see Standard 8) | **Curriculum** Comprehensive self-assessment (see Standard 8) | **Curriculum** The program plan or curriculum includes weekly opportunities for each of the following:  
  • active physical activity  
  • creative expression  
  • academic support  
  **PLUS**  
  **Child Assessment** The program gathers information about each child through at least **one** of the following: observations, checklists, interest inventories, family/child surveys or interviews, school performance information, or other assessment tools | **Curriculum** The program plan or curriculum includes **two** or more different opportunities weekly for each of the following:  
  • active physical activity  
  • creative expression  
  • academic support  
  **PLUS**  
  **Child Assessment** The program gathers information about each child through at least **two** of the following: observations, checklists, interest inventories, family/child surveys or interviews, school performance information, or other assessment tools |
Programs have enough staff members to supervise the children and to support learning and development of each child, including children with disabilities.

Program is Licensed by DCYF

**LEVEL 1**

Staff-Child Ratio\(^2\)
1:13

**LEVEL 2**

Staff-Child Ratio\(^2\)
1:13

**LEVEL 3**

Staff-Child Ratio\(^2\)
1:13

**LEVEL 4**

Staff-Child Ratio\(^2\)
1:12 if the program serves any Kindergarteners

**LEVEL 5**

Staff-Child Ratio\(^2\)
1:12 if the program serves any Kindergarteners

\(^2\) Ratio will be determined based on the total # of children present during observation and the total # of staff present during observation.

Staff-Child Ratio Communicated
Minimum staff-child ratio is clearly communicated to parents/families

Staff-Child Ratio Communicated
Minimum staff-child ratio is clearly communicated to parents/families

Staff-Child Ratio Communicated
Minimum staff-child ratio is clearly communicated to parents/families

Staff-Child Ratio Communicated
Minimum staff-child ratio is clearly communicated to parents/families

Staff-Child Ratio Communicated
Minimum staff-child ratio is clearly communicated to parents/families
Standard 4: MAXIMUM GROUP SIZE

Group size is the number of children who occupy a defined space while engaged in a specific activity. Programs plan for and provide appropriate group sizes for children according to the type, complexity, and difficulty of activities as well as the ages, abilities, developmental levels, and needs of children.

### LEVEL 1
- **Group Size**: 26 children
- **Group Space**: No more than 52 children in a room

### LEVEL 2
- **Group Size**: 26 children
- **Group Space**: No more than 52 children in a room

### LEVEL 3
- **Group Size**: 26 children
- **Group Space**: No more than 52 children in a room

### LEVEL 4
- **Group Size**: 26 children
- **Group Space**: No more than 52 children in a room

### LEVEL 5
- **Group Size**: 26 children
- **Group Space**: No more than 52 children in a room

---

2 Group size will be determined based on the total # of children in a group or activity throughout the observation; intermingling is permitted. Exceptions to group/activity size include: meal/snack time, outdoor time, arrival, departure, and special activities. Times for these exceptions to group/activity size should not exceed more than 1/3 of the total time children are in attendance. For example, activities which are exceptions to group size should not last more than 1 hour in a 3-hour program. For more information on how this standard is assessed, see ‘Program Observation Information’ in the BrightStars School-Age Child Care application materials.

4 A room has floor-to-ceiling walls.
Standard 5: FAMILY COMMUNICATION AND INVOLVEMENT

The program communicates regularly and effectively with families, encourages active two-way communication, offers regular opportunities for family involvement, and works to build partnerships with families.

Standard 6: LEAD STAFF QUALIFICATIONS

Lead staff have primary responsibility for children in the program. Lead staff should have the formal education and professional preparation to work with school-age children.

LEVEL 1
Program is Licensed by DCYF

LEVEL 2
Professional Development
All lead staff have an individual professional development plan

LEVEL 3
Professional Development
All lead staff have an individual professional development plan

LEVEL 4
Professional Development
All lead staff have an individual professional development plan

LEVEL 5
Professional Development
All lead staff have an individual professional development plan

PLUS

Formal Education
All lead staff have 12 college credits in any field

PLUS

Formal Education
All lead staff have 24 college credits in any field

PLUS

Formal Education
All lead staff have an Associate’s Degree or higher or 60 college credits in any field

1 Programs must have a sufficient number of lead staff. Programs seeking a rating of 1, 2, or 3 Stars must name one lead staff for every 26 enrolled children; programs seeking a rating of 4 or 5 Stars who serve Kindergartners must name one lead staff for every 24 enrolled children.
Standard 7: PROGRAM DIRECTOR QUALIFICATIONS

The administrator responsible for the program has the formal education and professional preparation to manage the program and act as a pedagogical leader.
